1. GENERAL STATEMENT OF POLICY

The safety of all our tour participants (Scouts, Guides and Leaders) is of primary concern to Venture Abroad, and it is our policy to operate tours with the highest standards of health and safety that are reasonably practicable. By any reasonable definition of the term, group travel is safe but accidents can and do happen from time to time.

Our commitments to our clients are as follows:

- 1.1 We will promote a positive health & safety culture throughout our own and our supplier's organisations world-wide.
- 1.2 We will set standards that meet the needs of our clients that are measurable, achievable and realistic.
- 1.3 We will ensure the provision of adequate resources, both financial and human, to achieve a high level of safety and continuous improvement.
- 1.4 We will endeavour to provide party leaders with information that will increase their ability to manage safety on their trips.
- 1.5 We will measure and review our performance and compliance with our own system, and have our work audited annually by a suitably qualified external expert.
- 1.6 We will ensure our staff are trained to respond quickly and efficiently in case of an emergency.
- 1.7 We will review, maintain and update the SMS annually. We will review all procedures throughout the year when issues are notified to us. We will ensure that we investigate and make amendments if necessary. Additionally we will apply any recommendations which come from our external annual audit.

The Joint Managing Directors have overall responsibility for the direction of the SMS. All senior staff are responsible for monitoring safety standards. Our policy has been devised to comply with the minimum standards for best practice in the school travel sector to ensure that reasonable precautions have been taken and due diligence exercised.

Signed:

Katie Boyden, Joint Managing Director

- To verify the content and implementation of Rayburn Tours/Venture Abroad SMS to HSG65 standards on an annual basis.
- Perform spot-checks in the field in order to check audits undertaken by Rayburn Tours staff.

4. ACCOMMODATION

All accommodation used by Venture Abroad is either requested directly, or through an agent. An agent is an organisation that has access to a variety of accommodation types to find suitable and available options. Often they also organise other parts of a package, such as transport and excursions. If any component of a tour is booked through an agent, their details will be included on the final itinerary.

4.1 All Accommodation (including that featured in brochures)

- A contract is signed confirming (as a minimum) that the accommodation conforms to local & national fire, safety & hygiene standards and additionally a set of specific safety standards, aimed at further improving client safety.
- We will ensure that children and adults are accommodated separately and according to gender breakdowns.
- Each accommodation centre will be subject to an assessment prior to using it for the first time, which covers fire safety, security, insurance and hygiene.
- It will thereafter be inspected every three years using core health and safety questions as a minimum.

- As a minimum, a standard audit will be attained if the accommodation is used as a 'one off' or if it is used for less than 5 groups within a calendar year. A standard accommodation checklist is completed by the hotelier or agent on our behalf.
- If the property is used by more than 5 groups within a calendar year, an on-site audit of the accommodation will be undertaken. An on-site audit is completed by a member of Rayburn Tours/Venture Abroad staff who has undergone appropriate training and competency assessment.

- A record of agent/ ground handler audits will be maintained, and accommodation audited in this manner will be treated in the same way as if the accommodation had been contracted directly. In addition the agent will be informed of the audit standard achieved.
- If any audited establishment falls into the unacceptable category, we will advise the agent and request alternative accommodation. Agents are aware of the criteria and minimum standards we adhere to.

In the event of a member of Venture Abroad staff having any concerns about the wellbeing of a child either in the planning, execution or follow up of a tour, they are required to report this to the Head of Operations and Customer Relations or the Operations and Administration Supervisor.

Once a concern or allegation has been reported, this will be referred to the relevant Local Authority Designated Office (LADO). The LADO will be alerted to all cases in which it is alleged that a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child
- possibly committed a criminal offence against children, or related to a child
- behaved towards a child or children in a way that indicated they may pose a risk of harm to children.

Every local authority has a statutory responsibility to have a LADO who is responsible for coordinating an investigation into and/or response to any concerns that an adult working with children may have caused or could cause them harm. LADO works within Children's Services across multiple organisations/agencies including schools, social/youth clubs, scouts/guides, religious groups, swimming clubs etc. One concern in itself may not be enough to launch a full investigation, however if there are a number of concerns being raised, they will be reviewed across all areas.
